

"In the name of Allah the most compassionate, most merciful"

Dear Brother or Sister in Islam,

Assalamu alaikum wa rahmatullahi wa barakatuh!

The Cityside Primary Trust is a charitable organisation working for the educational achievement of our future generations.

We initiated a project to open a unique and leading primary school in the heart of Tower Hamlets. Alhamdulillah, we have succeeded in our plans to find a suitable, spacious and safe premises to house the school, a location which benefits from nearby large libraries and sport centres.

The trustees of the Trust are therefore proud to introduce the Ayasofia Primary School, to open in January of 2009, which will create a modern teaching environment, with the following key principle:

"To please Allah by striving together to educate our children with the knowledge and application of the Qur'an & Sunnah"

This school is borne from the significant need from the local community for an outstanding primary educational establishment, which will combine the Tarbiyah (pastoral care / nurturing) programme that our community is in need of as well as a balanced curriculum of subjects.

This information pack provides some of the details of what we aim to do, and how you can help. In addition, we would greatly welcome enquiries from parents and guardians regarding our school.
JazakAllah

Yours sincerely

Mufti Mohammad Umair
Chairman, Cityside Primary Trust
